

## **Waters Marine Dealership operations during COVID-19**

Here at Waters Marine we have adjusted our operations to promote Social Distancing and more importantly keep our team members safe during the COVID-10 Pandemic.

Under Executive order #12 (Safer at Home) we are deemed an "Essential Business" but we feel that closing our showroom to retail operations is the safest decision at this time.

Our staff is still here preparing for the upcoming boating season and we can be reached by phone and email.

We will continue to be available to take service appointments during this time. Service customers dropping off boats during the emergency order will be asked to remain outside the building.

We want everybody to remain safe and healthy, our thoughts are with everyone that has been impacted by COVID-19.
